About OBHMC

Founded in 1934, Ocean Beach Hospital and Medical Clinics (OBHMC) later became a Public Hospital District, ensuring local access to quality health care. For over 90 years, it has proudly served South Pacific County.

The hospital is located in Ilwaco and includes medical clinics in Ocean Park, Naselle, Ilwaco, and a walk-in clinic, Wellness and Rehabilitation Center, and Annex on or near the hospital's campus. Providers include nine of primary care, one general surgeon, two CRNAs, and a clinical social worker—bringing over 150 years of combined experience. Along with a 24/7 physician-staffed Emergency Department, they are ready to provide compassionate, personalized medical, surgical, and diagnostic services.

OBHMC is a Critical Access Hospital, holds 501(c)(3) not-for-profit status from the IRS, and is licensed by the State of Washington under Public Hospital District laws and regulations. OBHMC is regularly surveyed by the Washington Department of Health, an assurance to the community it serves that OBHMC complies with applicable state and federal regulations.

OBHMC is supported by the Ocean Beach Hospital Foundation.

OCEAN BEACH HOSPITAL & MEDICAL CLINICS

MISSION

We provide compassionate, patient-focused care for our community

Providing Compassionate Care Close to Home

Dear Friends and Neighbors,

As we present the 2024 Community Benefit Report, we do so at a time of transition and growth. It is our hope that this report reassures you that Ocean Beach Hospital and Medical Clinics remains strong, resilient, and unwavering in our commitment to providing compassionate, patient-focused care for our community.

Like many healthcare organizations, we are navigating an evolving landscape, with changes in policies and programs that may shape the way we deliver care. While change can bring challenges, it also presents opportunities for innovation and improvement. I have every confidence that the dedicated staff at Ocean Beach Hospital will continue to rise to the occasion—just as they always have. We remain proactive in adapting to shifts in healthcare policy, ensuring that we continue to provide excellent, accessible care to all who rely on us.

Since stepping into the role of CEO in September 2024, I've had the privilege of working alongside an incredible team of healthcare professionals who consistently demonstrate compassion, dedication, and skill in caring for our community. I also want to acknowledge the exceptional work happening behind the scenes, from maintaining our facilities to expanding services that directly benefit you, our patients.

In 2024, we also celebrated the 90th anniversary of Ocean Beach Hospital. This milestone year saw us make significant strides forward: we implemented efficiencies that enhanced patient care, completed a new Community Health Needs Assessment, and added a Risk and Compliance Manager to better understand and respond to patient feedback. In collaboration with our Board, we also developed a comprehensive Strategic Plan to guide future improvements and ensure long-term growth, including key bond-funded projects that will benefit our entire community.

As we look ahead to our centennial, I want to express my deepest gratitude for your ongoing support and trust in the services we provide. Together, we will continue to build a healthier future for South Pacific County.

With Gratitude,

Merry-Ann Keane, MSN, RNC, FACHE
Chief Executive Officer

> "I am honored to have joined Ocean Beach Hospital and Medical Clinics and to work with the talented and dedicated team here. Together, we will continue to build on the hospital's strong foundation and strive to meet the evolving healthcare needs of our community."

VALUES

EXCELLENCE
Working to be the best

INTEGRITY
Acting in the interest of all

PARTNERSHIP
Joining together for the best outcome

COMPASSION
Treating others as they want to be treated

VISION

Develop a more integrated healthcare delivery system that results in improved access to quality healthcare services and keeps care as local as possible.

Providing Compassionate Care Close to Home

Message from Nancy Gorshe, OBHMC Board Chair

On behalf of the entire team at Ocean Beach Hospital and Medical Clinics, I'm honored to share this annual report, highlighting the many ways we continue to serve South Pacific County with high-quality healthcare—right here at home.

This past year marked a significant milestone: the first full year of capital facilities bond funding. Thanks to the overwhelming support of our community, we are making great strides in improving our facilities, even as we navigated a leadership transition.

In September after a thorough search, we welcomed **Merry-Ann Keane, MSN, RNC, FACHE** as our Superintendent and Chief Executive Officer. With her outstanding leadership, deep healthcare experience, and commitment to rural healthcare, we are excited for the future of OBHMC under her guidance. We are also incredibly grateful to **Larry Cohen, MSHSM** who stepped in as Interim CEO. He was willing to come out of retirement and stay on to ensure that our bond-funded projects stay on track. His dedication to our hospital and community is deeply appreciated.

As we move forward, our Board and Executive Team remain focused on delivering improvements that directly enhance patient care. Key projects currently underway include:

- **Ilwaco Medical Clinic expansion to accommodate Express Care**
- **Nursing station and pharmacy expansion**
- **Major surgical suite upgrades**
- **Lab expansion**

At the heart of all we do is our dedicated staff. Their skill, compassion, and commitment make OBHMC a pillar of healthcare in our community. And to you, our South Pacific County residents—thank you for your continued trust and support. Your belief in local, quality healthcare makes all the difference.

Nancy Gorshe, Chair
Board of Commissioners
Public Hospital District 3 of Pacific County

> It was an incredible relief to have this ER option to address my pain. They were very professional and patiently worked through my symptoms. I am extremely grateful for their help. The entire staff: admissions, nurses, radiology and doctor were thoughtful, concerned and very professional. Excellent care.

Community Outreach

SPECIALTY PROGRAMS & COMMUNITY OUTREACH

At Ocean Beach Hospital and Medical Clinics, we believe that healthcare extends beyond the walls of our hospital and clinics. Through a variety of specialty programs, educational classes, and community events, we strive to support the well-being of South Pacific County residents at every stage of life. Whether it's helping individuals manage chronic conditions, providing resources for caregivers, or promoting fitness and nutrition, our commitment to outreach ensures that our community has access to the tools and support needed to live healthier, fuller lives.

2024 RECURRING CLASSES AND GROUPS

- Caregiver Support Groups
- SAIL (Stay Active and Independent for Life)
- Otago Program (falls prevention)
- Diabetes Self Management
- Diabetes Prevention
- Food Prescription Program

COMMUNITY EVENT SUPPORT

- Community Connect
- Peace of Mind Wellness Walk
- Ocean Park Parade
- Shoeboxes of Joy
- Naselle A&P class – PT Case Study
- Assisted Living Month/Golden Sands

OBHMC-SPONSORED EVENTS

- Project Talk (end of life planning)
- Cooking/Nutrition Class
- Lymphedema
- Supplements
- Fitness and Nutrition
- Preventing and Managing Amputations
- Slow Drag
- Community Health and Wellness Fair
- Heart Walk
- Trunk or Treat
- Weight Loss Medications
- Arthritis and Pain Management
- Turkey Trot (with Ilwaco High School)
- Ladies Night

SOCIAL DETERMINANTS OF HEALTH

Social determinants of health (SDOH) are the conditions in the environments where people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks.

SDOH can be grouped into 5 domains:

Bond Projects, Equipment + Improvements

OBHMC is responsible for ensuring that the hospital, clinics, and other facilities remain modern, safe, and compliant with regulations. Our skilled facilities team provides ongoing maintenance and oversees both minor and major upgrades to ensure a safe and modern healthcare environment.

BOND FUNDED PROJECT UNDERWAY

The capital facilities bond funding, made possible by the strong support of our community, is already being put to work. The Board and the Executive Team are ensuring that these investments lead to tangible improvements in patient care. Four major projects are now in progress:

- **Ilwaco Clinic Expansion** – This project will accommodate the addition of Express Care, providing more accessible, same-day healthcare services to the community.
- **Nursing Station and Pharmacy Expansion** – Enhancements to these critical areas will improve patient care and workflow for our staff.
- **Surgical Suite Upgrades** – Significant updates to our operating rooms will ensure we continue providing high-quality surgical care.
- **Laboratory Expansion** – Upgrading and expanding our lab will allow for faster and more efficient diagnostic services.

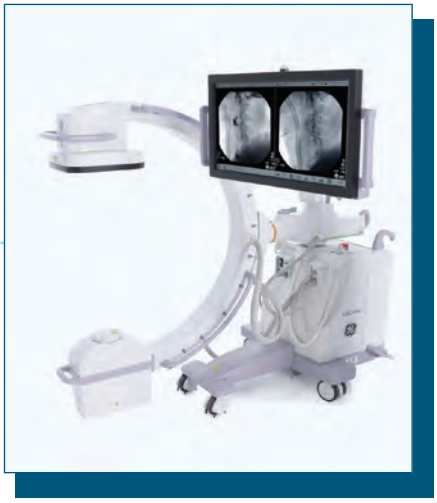
Of these projects, the introduction of **Express Care** is particularly exciting. Once completed, it will improve access to timely medical care, reducing wait times for non-emergency conditions while keeping emergency room resources available for those in critical need.

FACILITY IMPROVEMENTS

- Added a new electric breaker panel to the Life Safety distribution system
- Replaced the East and West exterior doors of the Ilwaco Medical Clinic with new ones with greater security features
- Added over 50 water control valves to the domestic water distribution system
- Removed antiquated hopper sink from the surgical suite
- Completed removal and replumbing of the horizontal drainpipe system
- Completed installation of a new 5,000 gallon fuel tank for the generators and boilers
- Added new exterior and interior doors to The Annex
- Modified The Annex break room to accommodate a workstation
- Replaced The Annex front stoop fence and post system
- Created a half door patients' registration space at the Wellness Center

NEW & UPGRADED MEDICAL EQUIPMENT

- Stryker Neptune 3 Rover suction system
- Aerobiotix Illuvia Sense surgical air purifier
- BD Surgical vacuum clippers by Bard
- Steris CLEANASCOPE™ transport and short-term storage system
- OEC One CFD mobile all-in-one C-arm imaging device
- Hamilton C1 Ventilators
- Telemetry Monitoring System



OEC One CFD C-arm

Addressing Our Community's Health Needs

COMMUNITY HEALTH NEEDS ASSESSMENT (CHNA)

Ocean Beach Hospital and Medical Clinics (OBHMC) conducts a Community Health Needs Assessment (CHNA) every three years as part of its commitment to addressing the community's most pressing health concerns. As a Critical Access Hospital, OBHMC serves as the sole healthcare provider for a rural community with limited access to services. Through the CHNA process, we:

- **Assess community health status**
- **Identifying unmet healthcare needs**
- **Prioritize initiatives to improve well-being**

FOR FULL REPORT, PLEASE SCAN:

In 2024, OBHMC took the following actions to address these priorities:

PRIORITY 1

Access to Primary Care, Care Coordination, and Chronic Disease Management

- Opened the Walk-In clinic 6 days a week; saw 300 patients a month on average
- Community Outreach department started group classes for community members
- Provider education on care coordination resources
- Hired four new providers

PRIORITY 2

Access to Specialty Care

- Continued to work with Providence Seaside Hospital on possible shared services
- Partnered with OHSU for Telestroke services
- Increased MRI services
- Implemented Cardiac Ultrasound Services two days a week

PRIORITY 3

Mental Health and Substance Abuse

- Created a Care Coordinator position to help patients connect with services

CHNA PRIORITIES FOR 2025-2027

The 2025-2027 Community Health Needs Assessment outlines the following priority areas to address the evolving health needs of the community:

- **Priority 1: Resources to Support Vulnerable Population Health**
- **Priority 2: Access to Primary Care**
- **Priority 3: Access to Specialty Care**

DEVELOPMENT OF THE 2025-2027 CHNA

In 2024, the CHNA Advisory Committee, in collaboration with Wipfli LLP and guided by community input, completed the 2025-2027 Community Health Needs Assessment. This comprehensive process utilized both primary and secondary data sources to evaluate health trends, socio-economic factors, and leading causes of death, providing a thorough understanding of the community's health status and unmet needs.

OBHMC'S COMMITMENT TO MEETING COMMUNITY NEEDS

OBHMC emphasizes the importance of engaging a diverse group of stakeholders and incorporating local and regional data when available. This approach ensures a comprehensive understanding of the social, economic, and health-related challenges facing the community. By prioritizing collaboration and data-driven decision-making, OBHMC demonstrates its dedication to improving health outcomes and addressing the unique needs of its service area.

Strength in Numbers

STRATEGIC ALLIANCES

Ocean Beach Hospital and Medical Clinics remains committed to advancing programs and pursuing strategic partnerships, collaborations, and alliances to deliver exceptional healthcare to our rural patient community. These partnerships are vital to the successful operation of our rural public hospital, helping us adapt to the evolving healthcare environment, improve efficiency, and expand the services available to the community.

- Texas A&M Rural Community Health Institute
- The Rural Collaborative/Rural Health Enterprise
- Washington State Hospital Association
- WSU Elson S. Floyd College of Medicine

WASHINGTON STATE UNIVERSITY ELSON S. FLOYD COLLEGE OF MEDICINE RESIDENCY PROGRAM

Since 2022, Ocean Beach Hospital and Medical Clinics (OBHMC) has proudly partnered with Washington State University (WSU) to provide monthly rural clinical training for residents and medical students. This collaboration has been well received by both patients and providers and continues to thrive.

In 2024, we expanded our partnership to include 4th-year medical students as part of our patient care team in both the hospital and clinic. We now host **10–12 residents annually** and are scheduled to welcome **6–8 medical students** this year.

> "We are proud to be helping to train the next generation of physicians!"

As part of their Rural Medicine rotation, 4th-year medical students design and implement community-centered projects to benefit our patients. For example, past students created patient education flyers and a clinic information brochure to enhance patient engagement and communication.

OBHMC values this ongoing partnership with WSU, as it fosters education, supports rural healthcare, and benefits our community. We look forward to continuing this collaboration for years to come.

OBH FOUNDATION: "WE ARE BETTER TOGETHER"

Since its establishment in 1999, Ocean Beach Hospital Foundation has raised over $1.1 million in support of Ocean Beach Hospital. Among its 25 years of service, 2024 stands out as a banner year. Key accomplishments include:

- **Successful Campaign Completion:** The "Light Up the O.R." fundraising campaign exceeded its $70,000 goal, helping to fund state-of-the-art lighting for the hospital's upgraded operating suite.
- **Established the Ocean Beach Hospital Endowed Fund:** Currently valued at over $125,000, this new fund will support the hospital's immediate needs through its annual earnings once it is substantially built up.
    - **Scholarship Support:** Awarded $5,000 to three graduating seniors pursuing careers in healthcare, supporting the next generation of medical professionals.
    - **Enhanced Patient Amenities:** $3,500 in donations, combined with prior designated funds, funded a new gazebo area for Swing Bed patients to enjoy.
    - **Community and Staff Support:**
        - Provided welcome bags for the WSU School of Medicine Rural Residency Program
        - Actively raised awareness of the Foundation within the hospital and the broader community
        - Supported hospital events, such as Ladies Night Out, which promotes women's health, and Trunk or Treat
        - Showed appreciation for OBHMC staff by sponsoring a coffee cart and the annual Tree Lighting
- **Additional Contributions:** Purchased specialized goggles for the Wellness and Rehabilitation Center and a table for the Naselle Clinic.

The Ocean Beach Hospital Foundation's efforts reflect its unwavering commitment to supporting high-quality health care in South Pacific County and to building a healthier community.

Together, we truly are better.

Grants + Community Support

COMMUNITY SUPPORT

OBHMC is grateful to be the beneficiary of volunteer time and talent, foundation and agency grants, and outstanding community support. Thank you so much to the following:

- **The Ocean Beach Hospital Foundation trustees and all its contributors** for your vision, volunteer hours, and financial support, especially for helping to fund the new, state-of-the-art lighting in the operating suite
- **The Ocean Beach Hospital Auxiliary** for volunteering **1,357.5** hours in 2024 and for staffing Roxy's gift shop

The health of our community benefits greatly from your ongoing generosity and support!

GRANTS

Various grants and donations totaled **$204,926** in 2024. OBHMC's Specialty Programs and Community Outreach was granted the following:

- **Up to $10,000** from the Olympia Area Agency on Aging for SAIL (Stay Active and Independent for Life) classes
- **$10,000** from the Barclay-Giel Seed Grant for the Food Prescription Program for diabetic patients in Ocean Park
- **$1,000** from Project Talk for an end-of-life planning workshop and lunch
- **$8,000** from the Rural Health Micro Funding Program for an Innovation Grant
- **Up to $10,000** from the Olympia Area Agency on Aging to fund therapists for the Otago fall prevention program

> "We are extremely fortunate to have a hospital and medical clinic in our own community. For over 30 years I've benefited from the professional medical staff and medical facility in Ilwaco. After a couple of dire emergencies, I was afforded immediate, expert, compassionate, and life-saving care at the Ocean Beach Hospital Emergency Room. I highly recommend supporting our doctors, medical staff and all other personnel at our Ocean Beach Hospital and Clinic!"

Certifications, Awards + Recognitions

AWARDS & RECOGNITIONS

- **Silver Award – American Heart Association's Get With The Guidelines® – Coronary Artery Disease Rural**

Silver recognition is awarded to hospitals demonstrating a commitment to delivering rapid, research-based care for patients experiencing ST elevation myocardial infarction (STEMI)—a severe and high-risk type of heart attack.

- **Exemplary Provider® Certification**

This Medicare certification, conducted by The Compliance Team, accredited each of OBHMC's three medical clinics separately for meeting the Exemplary Provider® Rural Health Clinics standards.

- **Critical Access Hospital Achievement of Quality Excellence Award**

The Washington State Hospital Association (WSHA) recognized OBHMC for its implementation of quality improvement measures, as submitted to WSHA for review.
